Summary

A highly motivated and detail-oriented Computer Science and Engineering undergraduate passionate about software development. Skilled in building efficient and user-friendly applications while eager to learn and adapt to new technologies. Quick learner with excellent problem-solving, design, and communication skills, ready to contribute to a dynamic development team and grow as a professional software engineer.

Education

CMR Institute of Technology

B.Tech - CSE(DS), CGPA - 8.71

2022 – 2026

Hyderabad, Telangana

Masterminds Junior College

Intermediate - MPC, 94.2%

2020 – 2022

Siddipet, Telangana

Sri Nikhileshwarananda High School

SSC, 10.0 GPA

2019 – 2020

Siddipet, Telangana

Projects

E-Commerce App | *React.js, Tailwind, Clerk Auth*

[Github](#) | [Live Demo](#)

- Deployed a responsive e-commerce web application using React and Tailwind CSS to deliver a modern, scalable, and user-friendly interface.
- Integrated Clerk authentication for secure user sign-up, login, and session management.
- Enhanced product browsing, dynamic filtering, and seamless cart management using a mock e-commerce API for an interactive shopping experience.

Expense Tracker | *React.js, Tailwind*

[Github](#) | [Live Demo](#)

- Deployed a Vanilla JavaScript Expense Tracker with intuitive add, edit, and delete features; this supported users to track 20+ expense entries daily, promoting financial discipline.
- Stores 100% of expense data in Local Storage, ensuring it remains even after 0 page reloads are lost.
- Includes a responsive design that adapts seamlessly to 100% of screen sizes, ensuring smooth use on mobiles, tablets, and desktops

Weather App using API | *HTML, CSS, JavaScript*

[Github](#) | [Live Demo](#)

- Deployed with HTML5, modern CSS3, and ES6+ JavaScript to ensure a blazing-fast, responsive, and seamless user experience.
- Connects to the OpenWeatherMap API to access weather data from 200,000+ cities worldwide.
- Displays real-time temperature, humidity, wind speed, and visibility; loads in under 2 seconds and adapts to all screen sizes across 5+ device types

Technical Skills

Languages: Java, Python, C, SQL, HTML, CSS, JavaScript

Databases: MySQL

Developer Tools: VS Code, Git, Github, Netlify, Cursor AI, Postman

Technologies/Frameworks: React.js, Tailwind CSS

Academic Coursework: Object-Oriented Programming, Database Management Systems, Computer Networks, Operating Systems, Data Structures and Algorithms

Achievements

- Solved 500+ Problems across Leetcode, Codechef, GeeksforGeeks.
- Selected as a Open Source Contributor at GirlScript Summer of code (GSSOC) 2025.

Certificates

- Smart Coder Gold Certificate by Smart Interviews (DSA Training) [[Link](#)]
- Java Basic Certificate by HackerRank [[Link](#)]
- Postman API Fundamentals Student Expert Badge [[Link](#)]
